

Better Control. Better Performance. Better Cut.

Get the HOLE HOG!

Introducing our new serrated insert!

- ✓ Designed to cut materials that produce hard to control "stringy" chips
- ✓ Dura-Hog's unique serrated edge helps to stiffen and shorten the chip, greatly aiding in chip evacuation, resulting in longer insert and tool life.
- ✓ Buy any 1.187-1.750 diameter Dura-Hog drill and receive 2 new 10mm serrated inserts for free! Other size inserts coming soon.
